

Peacock Hand-y Craft

Make a beautiful peacock decoration.

Learn more about peacocks at

<http://animals.nationalgeographic.com>

Materials Needed:

- Printer to print out the body (see next page)
- 6 sheets blue and/or green construction paper
- Crayons
- Pencil
- Scissors
- Glue

Time to create your peacock!

Step 1 – Color the body.

Step 2 – Cut out the body.

Step 3 – Trace both hands on to each of the 6 sheets of construction paper. For small children trace 3-4 hands per paper. They will need more hands to cover the peacock. You will have 12 - 24 hands depending on the size of the child's hands.

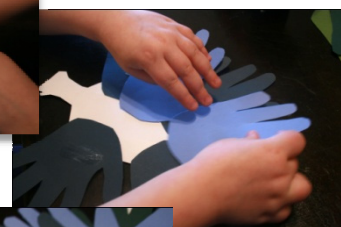

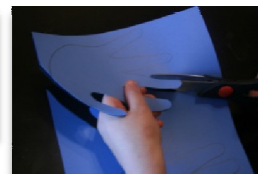

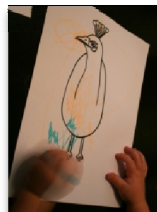

Step 4 – Cut out the hands.

Step 5 – Turn the body over so the colored side is face down.

Step 6 – Glue 4-8 of the hands in an arch around the body.

Step 7 – Glue the next 4-8 hands on to the first set of hands 1/4 - 1/2 inch from the bottom of the palm.

Step 8 – Glue the final 4-8 hands on to the first set of hands 1/4 - 1/2 inch from the bottom of the palm.
