When I Get Dressed

When I GET DRESSED
I know there are
A lot of things to think about

If it's warm or if it's hot
My SHIRT and SHORTS are what I've got

When I GET DRESSED
I know there are
A lot of things to think about

If it's cold or if it's cool
My SHIRT and PANTS are perfect, too

I know you like to CHOOSE my CLOTHES
I'm learning how this all goes
Grown-ups, they care about matching
Kids like me love looks that are smashing

Add a cape, a costume's great
Add a hat and look at that
Grown-ups match a bow with socks
Give me pockets for my rocks
Some kids love their socks and shoes
Others always wear their boots
And I just love to CHOOSE my CLOTHES

When I GET DRESSED
I know there are
A lot of things to think about
If it's warm or if it's hot
My SHIRT and SKIRT, that's what I've got

If it's warm or if it's hot
My SHIRT and SHORTS, that's what I've got

Imagination

IMAGINATION, IMAGINATION
IMAGINATION, let's PRETEND
IMAGINATION, IMAGINATION
IMAGINATION, let's PRETEND

Bring out your BLOCKS
You're ready to BUILD
The tallest towers
Until they spill

Playing a GAME
With all of your friends
Sometimes you lose
Sometimes you win

IMAGINATION, IMAGINATION
IMAGINATION, let's PRETEND
IMAGINATION, IMAGINATION
IMAGINATION, let's PRETEND

Here's a PUZZLE
Look at the shapes
IMAGINE the different things they could make

CLEANING UP all
Your toys can be FUN
IMAGINE a race
And "ready - set - go!" you're done!

IMAGINATION, IMAGINATION
IMAGINATION, let's PRETEND
IMAGINATION, IMAGINATION
IMAGINATION, let's PRETEND

In My Neighborhood

The people in my neighborhood
Are one big family
I watch out for them
And they look out for me

Be careful, be safe
But just in case

POLICE OFFICERS
FIRE FIGHTERS
A DOCTOR or a NURSE
They help me if I'm hurt
They help me if I'm hurt

POLICE OFFICERS
FIRE FIGHTERS
A DOCTOR or a NURSE
They help me if I'm hurt
They help me if I'm hurt

Every Day

Every day is a special day
Because you're here with me
Every day I spend with you
I see the way you see

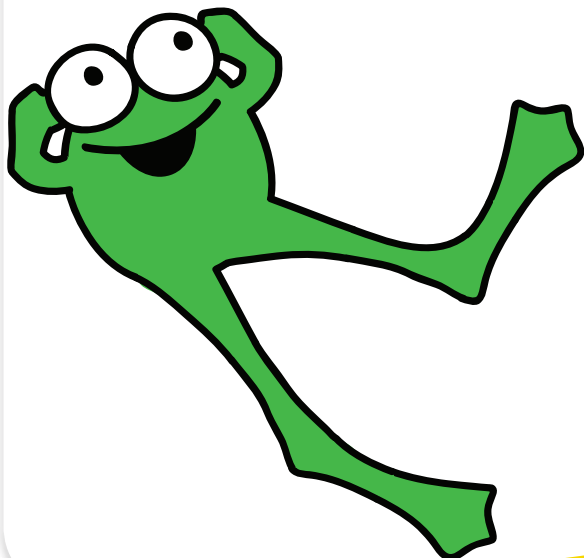

Every day you see the world
With wonder and surprise
Every day I see the world
Through younger, newer eyes

Running through the sprinklers
Coloring sunshine blue
Pulling apart a flower
Discovering new views

Every day's exciting
Your days are full of "Wow!"
Every thing is a special thing
You always show me how

I don't have all the answers
To the countless, countless "Why's?"
But I know why I love you
You keep me young inside

Yes, I know why I love you
You keep me young inside

The Garden Song

A GARDEN can be the whole backyard
A GARDEN can be in a cup
Flowers and insects, water and sunshine
A GARDEN is fun to watch

A GARDEN can be a forest of trees
A GARDEN of flowers bright
A GARDEN can fit on your windowsill
A GARDEN to walk through at night

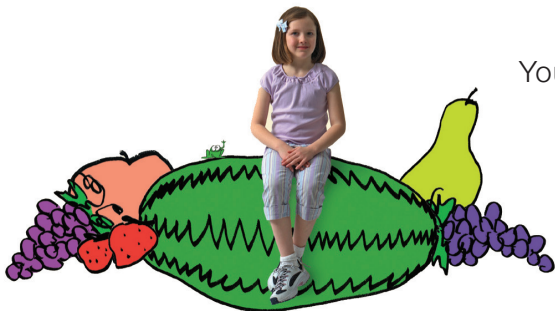

So GROW little seed GROW
There's important work to do
You peek, you reach
For sun and drink
You GROW and make our food

So GROW little seed, GROW
There's important work for you
You peek, you reach
For sun and drink
You GROW and make our food

A GARDEN of food
It tastes so good
Plant and wait and watch
Pick your own
They've finally grown
Everybody loves a GARDEN

So GROW little one GROW
There's important work to do
You love, you play
And EVERY DAY
You eat so you'll GROW too

So GROW little one GROW
There's important work for you
You love, you play
And EVERY DAY
You eat so you'll GROW too

Let It Cook

The KITCHEN is a place to
MAKE and bake
A place to learn and share
Mix and fix the food you eat
Well, It all happens there

The KITCHEN is a place to
MAKE and bake
A place to learn and share
Mix and fix the food that you eat
Well, it all happens there

Oh food, glorious food
Food, glorious food
Let it COOK, I'm hungry
Let it COOK, I'm hungry

The KITCHEN is a place to
COOK from a book
And follow instructions, too
Measure and taste
The things that you MAKE
The KITCHEN is the place for food

The KITCHEN is a place to
COOK from a book
And follow instructions too
Measure and taste
The things that you MAKE
Oh, the KITCHEN is the place for food

Oh food, glorious food
Food, glorious food
Let it COOK, I'm hungry
Let it COOK, I'm hungry

Oh food, glorious food
Food, glorious food
Let it COOK, I'm hungry
Let it COOK, I'm hungry
Let it COOK

Set The Table

Even though I'm little
I help when I am able
If you'd like to ask me
I'll help you set the table
I'll help you set the table

First the NAPKIN then the FORK
Put the PLATE in its place
Next the KNIFE is on the side
And the SPOON is in last place
Place the CUP up above
And clap, clap your hands
Turn yourself around
And do the "all done" dance

First the NAPKIN then the FORK
Put the PLATE in its place
Next the KNIFE is on the side
And the SPOON is in last place
Place the CUP up above
And clap, clap your hands
Turn yourself around
And do the "all done" dance

(Even though I'm little
I help when I am able
If you'd like to ask me
I'll help you set the table
I'll help you set the table)

First the NAPKIN then the FORK
Put the PLATE in its place
Next the KNIFE is on the side
And the SPOON is in last place
Place the CUP up above
And clap, clap your hands
Turn yourself around
And do the "all done" dance

Doesn't it feel good
To help when you are able?
Doesn't it feel good?
I can set the table
I can set the table

Breakfast, Lunch and Dinner

When you eat in the morning
That's BREAKFAST
FOOD in the MORNING

When you eat in the middle of the day
That's LUNCH
FOOD at NOON

When you eat at night
That's DINNER
FOOD at NIGHT

And when you finish eating
Ask to be excused
MAY I BE EXCUSED?

When you eat in the morning
That's BREAKFAST
FOOD in the MORNING

When you eat in the middle of the day
That's LUNCH
FOOD at NOON

When you eat at night
