Sunny Day

Sun, sun, sun sunny day
Sun, sun, sun sunny day
Sun, sun, sun
Sun, sun, sun
Sun, sun, sun sunny day

The sun is shining in the sky
So far away and oh so bright
The sun is shining bringing light

Sun, sun, sun
Sun, sun, sun,
Sun, sun, sun sunny day

Cloud, cloud, cloud cloudy day
Cloud, cloud, cloud cloudy day
Cloud, cloud, cloud
Cloud, cloud, cloud
Cloud, cloud, cloud cloudy day

The clouds are floating in the sky
In fluffy shapes or stretched out lines
And clouds can even block the light

Cloud, cloud, cloud
Cloud, cloud, cloud
Cloud, cloud, cloud cloudy day

Look out your window
Look to the sky
Airplanes and birdies
That's where they fly
The sky is the place that I'd like to try
I'd love to fly.
I love the sky.

Sun, sun, sun sunny day
Sun, sun, sun sunny day
Cloud, cloud, cloud
Sky, sky, sky
Sun, sun, sun sunny day
Sun, sun, sun sunny day

Strollin'

Strollin', strollin'
Strolling down the sidewalk
Strollin' strollin'
Strollin' down the sidewalk
Strollin' strollin'
Strollin' down the sidewalk
Strollin' down the sidewalk

I wave hello to the trees we see
Hello tree, hello tree
I wave hello to the trees we see
And the tree waves back at me
Kid's choir: See the waving of the trees!

Strollin', strollin'
Strolling down the sidewalk
Strollin', strollin'
Strollin' down the sidewalk
Strollin', strollin'
Strollin' down the sidewalk
Strollin' down the sidewalk

I wave hello to grass we pass
Hello grass, hello grass
I wave hello to the grass we pass
And the grass waves back at me
Kid's choir: See it waving in the breeze

Strollin', strollin'
Strolling down the sidewalk
Strollin', strollin'
Strollin' down the sidewalk
Strollin', strollin'
Strollin' down the sidewalk
Strollin' down the sidewalk

I could look at the flowers for an hour
Hello flower, hello flower
I could look at the flowers for an hour
And they look back at me

I wave hello to the leaves we see
Hello leaf, hello leaf
I wave hello to the leaves we see
And the leaves wave back at me
When they're fallin' from the trees

Strollin', strollin'
Strolling down the sidewalk
Strollin', strollin'
Strollin' down the sidewalk
Strollin', strollin'
Strolling down the sidewalk
Strollin' down the sidewalk

Stop and Go

Oh can you stop what you're doing
When I say stop
Stop, stop, stop
Oh can you walk and listen?
When I say stop
Stop that walk

And what if I say, "go"
Can you sign "go?"
Show me how you go go go go Go!

Oh can you stop what you're doing
When I say wait
Wait, wait, wait
Oh can you wait and listen
Just wait and see
Wait for me

And what if I say, "go"
Can you sign "go?"
Show me how you go go go go Go!

Oh can you stop what you're doing
When I say stop
Stop, stop, stop
Oh can you dance and listen
Give stop a chance
Stop that dance

And what if I say, "go"
Can you sign "go?"
Show me how you go go go go Go!

Oh can you stop what you're doing
When I say stop
Stop, stop, stop

I'm A Bug

Oh I might wiggle
And I might squiggle
Oh I'm a crawler
On the wall - or
Do you see me?
Up on the ceiling
I'm a bug! I'm a bug! I'm a bug!

I might be tiny
I might be shiny
I might be hopping
Or start and stopping
You think I'm silly
But what I'm really?
Is a bug, is a bug, is a bug!

I'm a bug I'm a bug I'm a bug, bug, bug
Everybody crawl like a bug
I'm a bug I'm a bug I'm a bug, bug, bug
Can you roll around on the rug?
Like a bug, like a bug, like a bug?

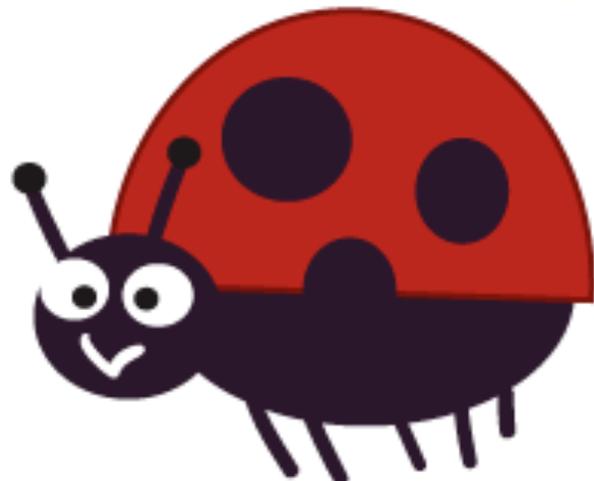

And I fly up in the air
If you look up you'll see me there
If I fly up in the air
Forgive me if I land in your hair

If you look down way down
You'll see me on the ground
And when I'm down, I'm really down
So kindly step around me

I might be spooky
I might be kooky
I might be sneaky
Or even squeaky
I'm creepy crawly
And very small - "eeee!"
I'm a bug! I'm a bug! I'm a bug!

I'm a bug I'm a bug I'm a bug, bug, bug
Everybody crawl like a bug
I'm a bug I'm a bug I'm a bug, bug, bug
Can you roll around on the rug?
Like a bug like a bug like a bug

Oh I might wiggle
And I might squiggle
Oh I'm a crawler
On the wall - or
Do you see me?
Up on the ceiling
I'm a bug! I'm a bug! I'm a bug!

Starry Night

Star, star, star starry night
Star, star, star starry night
Star, star, star
Star, star, star
Star, star, star, starry night

The stars are shining in the sky
So far away and oh so bright
The stars are shining bringing light
Star, star, star
Star, star, star
Star, star, star, starry night

Moon, moon, moon, moon at night
Moon, moon, moon, moon at night
Moon, moon, moon
Moon, moon, moon
Moon, moon, moon, moon at night

The moon appears most every night
It may be round or just a slice
The moon is glowing way up high
Moon, moon, moon
Moon, moon, moon
Moon, moon, moon in the sky

Look out your window
Look to the sky
Comets and Shooting stars
Soaring by
The sky is the place that I'd like to try
I'd love to fly.
I love the sky.

Star, star, star starry night
Star, star, star starry night
Moon, moon, moon
Moon, moon, moon

Night Time is The Right Time

Nighttime is the right time to snuggle up and tell a story
Nighttime is the right time to share about your day
Nighttime is the right time to say good night and hug your
family
Nighttime is the right time

To lie down on your bed
Close your eyes and rest your head
Close your eyes
Close your eyes
Good night
Sleep tight

Tiny Hands

Tiny hands fists closed tight
Tiny dreams held inside
Tiny hands how they've grown
Like the babe I used to know

Tiny mouth, button nose
Eyes closed tight breathing slow
Tiny face how it's grown
Like the babe I used to know

For me it feels like yesterday, just yesterday to me
I looked into your tiny face, your tiny face held me
Of course I know all children grow
All children grow of course I know.....
I didn't know how fast you'd grow

Tiny feet awkward now
Pirouette, take a bow
Tiny toes how they've grown
Like the babe I used to know

For me it feels like yesterday, just yesterday to me
I looked into your tiny face, your tiny face held me
Of course I know all children grow
All children grow of course I know.....
But I didn't know how fast you'd grow

Tiny child fall asleep
Close your eyes find your dreams
Tiny child how you've grown
You're still the babe I used to know

Let's Be Friends

Let's be friends
You and I can stay together
Let's be friends
You and I can play forever

I will go outside
With you by my side
Let's be friends
Let's be friends

Let's go play
Inside, outside, what's the weather?
Let's go play
You and I can play together

I can hold your hand
I can help you stand
Let's go play
Let's go play

Every day when we play
We're having fun
And we clean up when we're done

I can share
Taking turns with toys is easy
I can share
You first then me

You can have a turn
Together we can learn
I can share
I can share.

I'll be nice
You and I could build a tower
I'll be nice
Build a tower for an hour

I won't knock it down
When you're not around
I'll be nice
I'll be nice

Let's be friends
Let's be friends

Can You Feel It?

Can you feel it?
Can you feel it?
Can you feel it?
I can feel it!

It will start as a frown
Your mouth is turning down
You're sad, you're sad

And it shows in your eyes
Can't hide it if you try
You're sad, yeah you're sad

Can you feel it?
Can you feel it?
Can you feel it?
I can feel it!

It might start at your lip
It quivers and it dips
You're crying, you're crying

And the tears fill your eyes
Well everybody cries
You're crying, yeah you're crying

Can you feel it?
Can you feel it?
Can you feel it?
I can feel it!

Your feelings start inside of you
Your face is where they all come
through
The happy, the silly, the sad and blue
It's your feelings shining, shining
through

And none of them are good or bad
They're just the feelings that you have
A way to say what's going on
And how you feel today

Can you feel it?
Can you feel it?
Can you feel it?
I can feel it!

It will start as a smile
A smile for awhile
You're happy, you're happy

And it shows in your eyes
They sparkle and they shine
You're happy, yeah you're happy

Can you feel it?
Can you feel it?
Can you feel it?
I can feel it!

It will start as a wiggle
A wiggle then a giggle
You're laughing, you're laughing

And before you know it
Everybody shows it
You're laughing, yeah you're laughing

Can you feel it?
Can you feel it?
Can you feel it?
I can feel it!

That Tastes Good!

An apple's hard to eat
When you don't have many teeth
Apples taste so good
Apples can be cooked, then
smashed and look!!
Mmmm, mmmm mmmm, mmmm that
tastes good

A pear is hard to eat
When you don't have many teeth
Pears taste so good
Pears can be cooked, then smashed
and look!!
Mmmm, mmmm, mmmmm, mmmmmm
that tastes good

You are growing all day long
Fruits and veggies keep you strong
Your body needs to sleep and play
And bodies needs food every day

A carrot's hard to eat
When you don't have many teeth
Carrots taste so good
Carrots can be cooked, then
smashed and look!!
Mmmm, mmmmm, mmmm, mmmm
that tastes good

A peach is hard to eat
When you don't have many teeth
Peaches taste so good
Peaches can be cooked, then
smashed and look!!
Mmmm mmmm mmmmm mmmm,
that tastes good

Mmmm mmmm mmmmm mmmm,
that tastes good

In The Sky

In the sky
In the sky
Bubbles floating in the sky
Bubbles travel oh so high
I can pop them
I can try

In the sky
In the sky
Bubbles floating in the sky
Bubbles travel oh so high
I can pop them
I can try

In the sky
In the sky
Flying by
In the sky
In the sky
Wave good-bye!

In the sky
In the sky

Balloons floating in the sky
Balloons travel oh so high
When I forget to hold on tight

In the sky
In the sky
Balloons floating in the sky
Balloons travel oh so high
When I forget to hold on tight

In the sky
In the sky
Flying by
In the sky
In the sky
Wave good-bye!

In the sky
In the sky
See it floating in the sky
Getting smaller flying high
Wave good-bye!
Wave good-bye!

Toy Box

There are so many things that are fun to do
And so many things I can play with too
I open my toy box and peek inside
What will I find? What will I find?

My telephone dials, my telephone rings
I love when it lights up
I love when it sings
My telephone has buttons
My telephone beeps
Moms love their telephones too!

There are so many things that are fun to do
And so many things I can play with too
I open my toy box and peek inside
What will I find? What will I find?

My games are funny
My games are so smart
I love when I'm playing
I love when we start
My games are tricky
My games are fun
Dads love their games too!

There are so many things that are fun to do
And so many things I can play with too
I open my toy box and peek inside
What will I find? What will I find?

My music is quiet
My music is loud
I love when I'm dancing
I love every sound
My music is silly
My music is sweet
Moms love their music too!

There are so many things that are fun to do
And so many things I can play with too
I open my toy box and peek inside
What will I find? What will I find?

Show Me A Sign

How are you doing little one?
My little one, my little one
I'd like to know what's on your mind
Our days together, time together
You and me, our one on one
These are the times that make me smile
You make me smile
Tell me that you love me
Tell me that you're thinking of me
Tell me all about the things you're thinking
Day and night, both day and night
Tell me that you're happy
And you love it when we're laughing
Tell me more, oh, tell me more, show me a sign
Show me a sign
Every day you grow up more
And teach me more about what I'm here for
And every day I love you more
I love you more. I love you!
Tell me that you love me
Tell me that you're thinking of me
Tell me all about the things you're thinking
Day and night, both day and night
Tell me that you're happy
And you love it when we're laughing
Tell me more, oh, tell me more show me a sign
Show me a sign—show me a sign—show me a sign
Show me a sign—show me a sign—show me a sign
Tell me that you're thinking of me
Tell me all about the things you're thinking
Day and night, both day and night
Tell me that you're happy
And you love it when we're laughing
Tell me more, oh, tell me more show me a sign
Show me a sign—show me a sign—show me a sign
Show me a sign—show me a sign—show me a sign
Show me a sign—show, show, show me a sign—show me a sign
Oh show me a sign-oh show me a sign
