

Hand-y Bookmarks

Materials Needed:

- Pencil
- Crayons
- Glue
- Scissors
- Colored construction paper
- Printer

It's time to create your bookmark!

Step 1 – Print and cut out the bookmark messages on the following page.

Step 2 – Trace the hand and arm of one hand on the construction paper. (Put your hand close to the top so you have lots of room for your arm.)

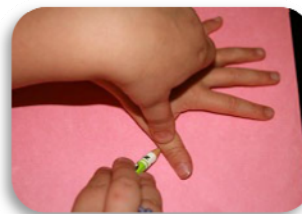

Step 3 – Glue a bookmark message to the arm, starting at the bottom of the palm as shown here.

Step 4 – Cut out the hand and arm to make your bookmark.

Step 5 – Repeat steps 2-4 to create the remaining bookmarks.

Step 6 – Use crayons to decorate your bookmarks.

Step 7 – For your "I Love Reading" bookmarks, glue down the middle two fingers to create the "I Love You" hand shape.
