

# Hand-y Penguins

## Materials Needed:

- 1-2 sheets black construction paper
- 1 sheet orange construction paper
- Pencil
- Scissors
- Glue stick

## It's time to create your penguins!

**Step 1** – Print the pattern sheet below and cut out the size you want (small, medium or large).

**Step 2** – Trace the beak and feet on to the orange construction paper. Cut out.

**Step 3** – Trace foot on the black construction paper to create the body. Cut out.

**Step 4** – Trace each hand (with fingers close together) on the black construction paper to create the wings. Cut out.

**Step 5** – Glue the oval to penguin body (the traced foot) 1/4 - 1/2 inch from the tip of the toes – see photo for placement.

**Step 6** – Glue the eyes and beak to the heel area of the penguin body– see photo for placement.

**Step 7** – Glue the orange feet to the bottom of the penguin body.

**Step 8** – Glue the wings (hands) to the body. They can be placed either on top of the body or underneath it.

**Step 9** – Decorate your penguin!
